

APPLICATION FOR REBATE BILL CREDIT

General Information Regarding The Rebate Program

1. The co-op offers a bill credit to members for installation of an air source heat pump (ASHP), a geothermal system or ground source heat pump (GSHP), an electric water heater, and/or a smart thermostat.
2. After installation is completed, please fill out this form and mail it to Southwestern Electric, Energy Manager, 525 US Rt 40, Greenville, IL 62246 or fax to (618) 664-4179, so arrangements can be made to verify installation.
3. Southwestern Electric Cooperative, Inc., reserves the right to inspect installations at any time and cancel promotion at any time.
4. In consideration of the promises herein made, the (member, contractor, owner) agree to indemnify and hold the Cooperative harmless for any and all liability for damages which may result from improper installation or operation of equipment.

Check all that apply.
